

Sailors Wanted

by Mark Whitehead

For those who dream of blue-water sailing, the wind in their face and the water racing over the hull of their own world-class yacht, that dream can come true without spending thousands of dollars.

Dreamers are invited to attend the second annual one-meter Soling model yacht program at the New Hampshire Boat Museum on Route 28 North in Wolfeboro. Participants in the program will build radio-controlled Soling sailboat kits for an easy and fun way to enter the world of sailing. The group will begin weekly gatherings, in the spring, on Wolfeboro's Back Bay for regattas that can offer either pleasure sailing or friendly competition – a world-class sailboat with no maintenance costs, no mooring fees, no launch fees, no trailer to maneuver – just hours of fun. This program is for young and old.

Those interested should fill out the form below and send it along with a check for \$310 per boat made payable to New Hampshire Boat Museum to Mark Whitehead, 12 Courthouse Square, Ossipee, NH 03864. Anyone with questions can call Mark at (603) 539-4973. "Snowbirds" can order now with arrangements to be made for the spring.
