Proposed Artifact Donation (Boat)

Thank you for your interest in donating an artifact to New Hampshire Boat Museum. If you have a vessel/boat that you believe would complement our collection, please complete and submit this form. Preference is given to objects with history from New Hampshire that are related to the state's lakes and rivers. Completing this form in no way obligates you to make the donation, but provides important information for us to be able to assess the relevance of a donation to our mission and collections. Proposed donations are evaluated by the Curator before being reviewed on a quarterly basis by the Collections Committee and Board of Trustees. Prospective donors will be notified of a decision at the completion of this process.

As the New Hampshire Boat Museum is dedicated to the highest standards of historic preservation, yet has limited facilities to house its collection, not all artifacts will be accepted. As a consequence, the Museum cannot accept nor be responsible for any artifact left in the custody of Museum personnel or on Museum premises without due process and formal acceptance. Additionally, please note that the Museum generally rejects items that come with restriction or conditions.

Please send the completed form to New Hampshire Boat Museum, P.O. Box 1195, Wolfeboro Falls, NH 03896.

Prospective Donor Contact Information

Name: _____ Phone: (____) _____ - _____

Address: _____

E-mail: _____

Prospective Donation Description

Guidelines: Proposed donations go through a lengthy evaluation process. To assist us in our review, please fully describe your proposed donation by including information about its size, date, condition, content and historical significance to the boating history of the lakes and rivers of New Hampshire. Continue on the back of this sheet if necessary. You are also encouraged to attach copies of support documentation and pictures to this form. However, please do not include originals, as these materials will not be returned.

Please note, incomplete forms may affect the evaluation process.

Boat Name: _____
