For Immediate Release

New Hampshire Boat Museum to feature local art in 2020

Wolfeboro, NH--July 8, 2020--Now through August 26, images by local photographer Amy Piper will be on display at the New Hampshire Boat Museum (NHBM) in Wolfeboro.

Owner and Designer of Signature Events, a local wedding and event planning company, Piper is known for photography that ranges from nature and landscape to texture, abstract, and detail.

“I am most passionate about landscape and nature photography,” she said.

Her inspiration stems from a love for travel and adventure.

“I am always excited for the potential opportunities that await me,” she added. “Whether it be during a peaceful early morning kayak to capture a sunrise or the exhilarating experience of seeing a bull moose for the first time, I draw my inspiration from diverse experiences.”

Open Tuesdays through Saturdays from 10 to 4pm and Sundays from 12 to 4pm, this is the first year of NHBM’s “Featured Artist” series.

“We love Amy’s work and are excited to have her as part of our season,” said Martha Cummings, executive director of NHBM. “Having local art and photography in our space helps to reinforce the broader vision of the museum, which is to delight and inspire people of all ages to learn more about lake culture in general, which naturally ties to boating.”

In addition to boat building and an online vintage boat and car auction on July 18, NHBM will feature model yachting (radio-controlled) on Tuesdays and Thursdays with the Back Bay Skippers.

Despite COVID-19, I think we have a wonderful year of programs and opportunities for people of all ages,” said Cummings. “Whether you like art, boats, motors, or have an interest in lake life, there is something for everyone in 2020 at NHBM.”

According to State guidelines for NH museums and art galleries, visitors will be required to wear face coverings when entering the museum. All NHBM programs will also conform to social distancing guidelines.

Founded in 1992 by antique and classic boating enthusiasts, NHBM is committed to inspire people of all ages with an understanding of, and appreciation for, the boating heritage of New Hampshire's fresh waterways.
