

# **Bow Lake Sailing RC Laser Regatta AMYA RC Laser Region 1 Champs**

**Sunday, September 14, 2025  
Bow Lake, Strafford, NH**

Tired of getting beaten by Tim Wright in your US12 or Soling every single time? Come to Bow Lake and see if you can beat him in an RC Laser.

Bow Lake Sailing has an RC Laser Fleet and we want to share a terrific venue and hospitality with other RC Laser skippers. This is our fifth annual RC Laser event and we welcome all RC Laser sailors to join us for a fun day of racing. It's only 50 minutes from Wolfeboro.

**If you don't own an RC Laser – that's OK.** We have loaner boats so just let Bob know (contact info below) and we will reserve one for you.

Please register online on the AMYA regatta calendar website.

<https://www.theamya.org/RegattaDetail.asp?RGID=10478>

or use the QR Code.

The entry fee is \$20. Entry fee includes racing, snacks and drinks all day, lunch, and trophies for the first 5 boats.

Check-in and Practice starting at 8:30 AM Sunday September 14, 2025. Skipper's Meeting at 9:15 and racing starts at 10. We'll break for a delicious home cooked lunch and then race again until 4 PM. Last year we got in 17 races.

Housing is available in local homes if you want to come down the night before. Contact Bob Shapiro at 978-761-3289 or [finallybk@gmail.com](mailto:finallybk@gmail.com)
