

How to make a paper boat

1

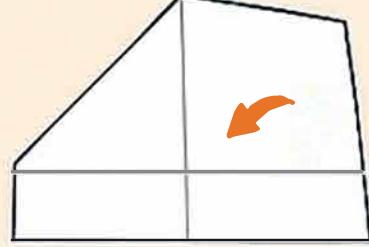

Start with a piece of paper.
Fold in half to bottom.

2

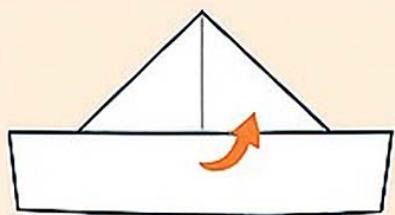

To find center, fold in
other direction and unfold.

3

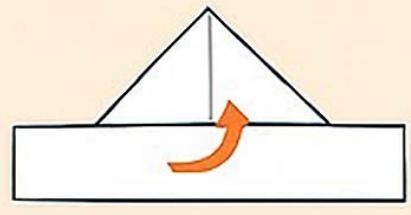

Fold corners down using
center fold as guide.

4

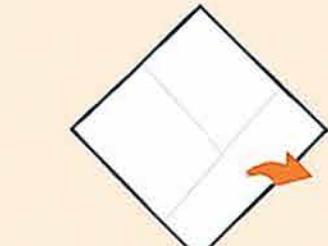

Fold flaps up
on both sides.

5

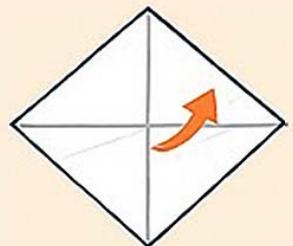

Put thumbs in middle
and open outwards...

6

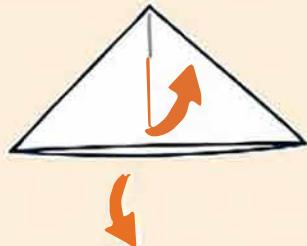

...until it makes a square.
Pull corners out..

7

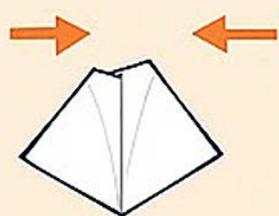

Fold up both
sides.

8

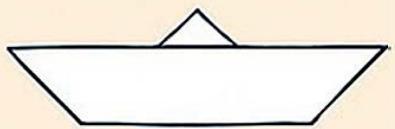

Put thumbs in middle
and open out again...

9

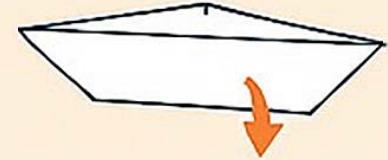

...until it makes a square.
Pull corners out...

10

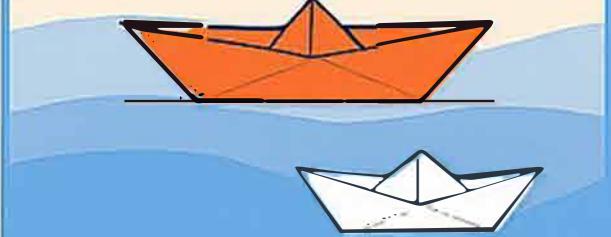

...and press flat.

11

Open out to make boat
shape.
